Kareem Al-Skafi

Web Developer | ASP.NET Core MVC

I fell in love with programming and I have at least learned something, I think... 🧑‍💻
As an *ASP.NET Developer*, I am a passionate programmer who is starting my career in web development. I have completed my education in *Computer Engineering* and gained a solid understanding of web development concepts and technologies.
My focus is on building reliable and scalable web applications using *ASP.NET* , I am comfortable with the *.NET Framework* and its various components. I also have experience working with *HTML, CSS, and JavaScript*.
As a Developer, I am eager to learn and grow my skills by working on *real-world projects* I am a proactive *problem-solver* who is always looking for ways to improve my code and learn from my mistakes.
I am also a team player who enjoys collaborating with other developers to deliver *high-quality* products on time.
In summary , I am a motivated and enthusiastic *ASP.NET Developer* who is ready to make a valuable contribution to any project.

EDUCATION

Bachelor of Computer Engineering
Al-Hussein Bin Talal University

2013 - 2018   Ma'an - Jordan

CERTIFICATE

ASP.NET MVC Core
Princess Sumaya University for Technology

2023   Amman - Jordan

GRADUATION PROJECT

Voice Controlled Vehicle with Obstacles Avoidance Capability.

The purpose is drive-by-voice into the vehicle depending upon the voice input. The system can provide great accuracy & efficiency using high precision voice recognition tools. For obstacle avoidance, the project propose an obstacle avoidance robotic vehicle using ultrasonic sensors for its movement.

February 2018   Faculty of Engineering - AHU

WORK EXPERIENCE

Web Developer
I worked on design and update websites and online applications using various programming languages and design tools, responsibilities such as creating webpage layouts, writing code, editing website content, and making adjustments based on client feedback.

09/22 - Present   FREELANCER

Front-End Developer
I worked on writing coding languages, including HTML and CSS. Frontend web programing languages and skills such as JavaScript, Ajax and web animation techniques. Design software like Photoshop and Illustrator.

09/21 - 09/22   HABASH TECHNOLOGY CO.

Data Engineer
I have been responsible for extracting and ingesting data from websites using web crawling tools. In this role I have been own the creation process of these tools, services, and workflows to improve crawl/ scrape analysis, reports and data management.

09/20 - 09/21   YOUAPPLY CO.

SKILLS

Data Structures | Algorithms
Object-Oriented Programming (OOP) | C# | HTML | CSS
Bootstrap | JavaScript | React.js | ASP.NET | GitHub
Microsoft SQL Server | Entity Framework (EF) Core
ASP.NET Web API | Model-View-Controller (MVC)
Model-view-viewmodel (MVVM) | Adobe Creative Cloud
Smart Systems | Arduino | Raspberry Pi

LANGUAGES

Arabic
English
